

Dear Parents/Guardians

Our school is currently in the process of updating our school website. Photos are an integral aspect in promoting our school learning environment. Its main purpose is to provide communication between our school, our parents and the community.

As part of our new website we would like to include photos of events within our school or share work that your child has completed on the internet.

As it is against DET policy no surnames or identifying details would appear on the website.

Please return this permission note to your child's class teacher.
